Proudly Introducing Europes Premier Property Development Organisation

Premium Savings Plan

Earn More From Your Rand

At **Fifty Shades Developments** we understand that many of our investors want to participate in our platform as a means of saving money. Whether they want to put funds aside for their annual holiday or simply save up to purchase a 'one-off' expensive item like that new car they have their eye on.

Therefore, we proudly present our '**Premium Savings Club**' aimed specifically at investment partners looking to invest a fixed amount each month to help them live their dreams.

The plan has been designed to deliver interest rates that far exceed those offered by high street banks or traditional savings schemes, ensuring that our valued clients earn more for their Rand.

Our program has three levels each one paying slightly higher interest based on the amount saved each month. Investors are required to deposit a fixed monthly amount for the first six (6) months of their membership.

- ☑ Classic Savings Club - 6 Deposits - 8% Interest Annually
- ☑ Platinum Savings Club - 6 Deposits - 12.5% Interest Annually
- ☑ Diamond Savings Club - 6 Deposits - 15% Interest Annually

Interest is earned every month and '**compounded**' to maximise the overall profits received by our clients. We then repay the full amount invested plus the guaranteed profits at the end of the twelfth month.

Turbo Savings Club

Our special '**Turbo Plan**' is for those who would like to save a little more and earn extra interest for their efforts. It is only available with three fixed monthly deposit options R2,000, R10,000 and R20,000.

Instead of the usual six deposits of the saving club, our Turbo Plan members make eleven (11) monthly payments of the same fixed amount, allowing them to save more over the year. We will reward this additional commitment with increased annual interest levels.

- * Turbo Plan Option One - 11 x R2,000 - 12.5% Interest Annually
- * Turbo Plan Option Two - 11 x R10,000 - 15% Interest Annually
- * Turbo Plan Option Three - 11 x R20,000 - 16% Interest Annually

For those investors who are maybe planning for retirement or looking at the potential earnings with a more long-term view we are able to offer investment periods of up to five (5) years.

Savings Plan Comparison Table

	Classic Savings Club	Platinum Savings Club	Diamond Savings Club	Turbo Plan Option One	Turbo Plan Option Two	Turbo Plan Option Three
Minimum Monthly Deposit	R2,000	R4,500	R15,000	R2,000 (Fixed)	R10,000 (Fixed)	R20,000 (Fixed)

Payment Methods

Bank Transfer

We are able to receive payments in Rand (ZAR) directly into our Barclays bank account via the SWIFT system, this avoids investors need to pay fees to their South African bank.

Fifty Shades Developments will then pay any exchange costs associated with converting the funds into Polish Zloty.

Debit / Credit Card Payments

We are able to accept all major credit cards. Card payments are processed on our behalf by Stripe.

Crypto and Digital Currencies

We can provide wallet details for all of the main Crypto and Digital Currencie including; Bitcoin, Litecoin, Ripple, Ethereum, Monero, ADV Cash and Perfect Money

Transfer Offices

We are able to receive funds through all recognised transfer offices including; Western Union and MoneyGram.
